[Nizlopi](#)

Hey Helen.
Your eyes shining, you're beautiful,
So I just has to come and sing to you.
And Helen,
Made me feel alive last night to meet you, so,
This is the best I can bring to you.'Cos you sent me singing through the woods,
Last night,
You sent me singing through the,
Feeling alright,
You sent me singing through the woods,
Last night,
You sent me singing a, Happy singing boy.
Because of you,
Because of...
Because of you, yeah.
And Helen,
I don't know you, you don't know me but,
What can I say? I just like you.
And Helen,
I'm just trying to bring to you,
All the things I would love for you to bring to me too.'Cos you sent me singing through the
woods,
Last night,
You sent me singing through the,
Feeling alright,
You sent me singing through the woods,
Last night,
You sent me singing a, Happy singing boy.
Because of you, Because of you.
And Helen,
There's people around this country
That hate taking risks of being all we can be.
And Helen,
Step outside the door with me,
Really take the chance of being free.
I will too, yeah.'Cos you sent me singing through the woods,
Last night,
You sent me singing through the,
Feeling alright,
You sent me singing through the woods,
Last night,
You sent me singing a, Happy singing boy.

Because of you...Someone make you remember,
Those dreams you dreamed in Decemeber,
I feel the life coming through ya,
And it makes me wanna persue ya,
I feel alive.
I feel alive.
I feel alive.
I feel alive.
And it makes me wanna hold to ya...You sent me singing through the woods,
Last night,
You sent me singing through the,
Feeling alright,
You sent me singing through the woods,
Last night,
You sent me singing a, Happy singing boy.
Because of you,
Because of...
Because of you, yeah.
Because of,
Strange because of you,
Change because of you,
The things you make me do, yeah.
Because of you.
