

I Do Adore Her

Harry Belafonte

When shadows fall and stars appear
A pain I feel I cannot bear
If I could relive that faithful day
I would not turn my love away I reveal how I do adore her
Hang my heart on my sleeve just for her
All my love thru-out life assure her
If this moment I could Amour her. When I think of her tender lips
Gentle touch of her finger-tips
Reminisce on her eyes so fair
Moonlight soft on her downy hair
I reveal how I do adore her
Hang my heart on my sleeve just for her
All my love thru-out life assure her
If this moment I could Amour her. If some day I should see her smile
Hold her hand and me heart beguile
Feel her warmth in her earnest prayer
Darling shield me from all despair I reveal how I do adore her
Hang my heart on my sleeve just for her
All my love thru-out life assure her
If this moment I could Amour her. Now I'm standing alone and sad
Thinkin' upon the joys I've had
Time makes fools of men they say
Take me back to that distant day
I reveal how I do adore her
Hang my heart on my sleeve just for her
All my love thru-out life assure her
If this moment I could Amour her
