## Quentin Miller

[Intro: Quentin Miller]

Hey, I like, blue on green

Hey, hey [Chorus: Quentin Miller]

Blue on green, blue on green, blue on green

I'm in love, drunk in love, Jay and Bey

Pop the trunk wherever it be

Back and front, blue on green, blue on green Hey, blue on green, blue on green, blue on green

(ay)

I'm in love, drunk in love, Jay and Bey (ay)

Pop the trunk wherever it be

Back and front, hey, huh

[Verse 1]

1317 (are you ready?)

That's the team, more like a machine (are you ready?), huh, huh

That's on everything, whoa

That's on everything, we want everything (you know)

Even them extra things

Found myself away and took advantage of that

Niggas tell their perspective end up bendin' the facts

Hol' up, hol' up, roll up, relax

We do, we do big drugs then quit then relapse (yeah)

Word is he snapped (are you ready?), he do

Ain't it the truth, ain't in the truth, true (are you ready?)

Goin' with any of you (are you ready?)

Any of you, any of you's (are you ready?)

[Chorus: Quentin Miller]

Blue on green, blue on green, blue on green

I'm in love, drunk in love, Jay and Bey

Pop the trunk, wherever it may be

Back and front, blue on green, blue on green Hey, blue on green, blue on green, blue on green

I'm in love, drunk in love, Jay and Bey

Pop the trunk, pop the trunk with me (trunk with me)

Back and front (my dawg), back and front, hey [Verse 2: Jeremih]
