

# To Be Alone

Hozier

Never feel too good in crowds  
With folks around when they're playing  
The anthems of rape, culture loud  
Crude and proud creatures baying  
All I've ever done is hide  
From our times when you're near me  
Honey, when you kill the lights and kiss my eyes  
I feel like a person for a moment of my life  
But you don't know what hell you put me through  
To have someone kiss the skin that crawls from you  
To feel your weight in arms I'd never use  
It's the god that heroin prays to  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
To be alone with you  
There are questions I can't ask  
Now at last the worst is over  
See the way you hold yourself  
Reel against your body's borders  
And I know that you hate this place  
Not a trace of me would argue  
Honey, we should run away, oh, someday  
Our baby and her mamma  
And the damaged love she makes  
But I don't know what else that I would do  
Than try to kiss the skin that crawls from you  
Than feel your weight in arms I'd never use  
It's the god that heroin prays to  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
To be alone with you  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
It feels good, girl, it feels good  
To be alone with you
