

# Lift Off (feat. Shafiq Husayn & Mic Check)

Robert Glasper

Oh yeah  
Hello world  
Peace and love  
I wish you the best  
And now for the next  
Coming to your mind  
Live and direct from the ethos  
Now was all in your speakers  
Down to your sneakers  
Uh, now we prepare for our lift off  
We only need two things to direct your cause  
Your ears and your soul  
I bring to you the Robert Glasper Experiment  
Experimentation for meditation  
Uh, back to where we were now  
I bring to you Rob, Chris, Jerry, Casey, RCDC  
Rock on This is it  
This is it
