

# Do What It Do (feat. Jermaine Dupri)

## Bow Wow

Down South let me see what ya bouncin' like  
West Coast let me see what ya crumpin' like  
Mid West let me see what ya mono like  
East Coast let me see what ya shakin' like, c'mon You seen my tapes, seen my shows  
Heard my songs, you know how it goes  
Since 87 I've been having this effect on these females  
Power to make them stand and listen to me like a sea shell I got what they want, I know how  
they like it  
Got what ya need, baby please don't fight it  
You know my status, know my flow  
You know that nigga that you wit, he ain't even close I'm money in da bag, all I do is pop tags  
Don't you wanna be down  
With somebody that's gonna make you smile and laugh  
Don't you wanna be down  
I'm young, I'm fly and I got the swag  
That you need in your life  
I'm a young J.Brown, I'm super bad  
Guaranteed to treat you right, let's ride All I need is one time and I bet you go crazy  
'Cuz I'mma make you do what it do, baby  
No if's, no and's, no but's or maybe's  
'Cuz I'mma make you do what it do, baby Don't worry, don't trip  
Just hurry hurry and bring it over here baby  
Don't worry, don't trip  
Just hurry 'cuz I'mma make you do what it do, baby Ya nigga 18 now, you ain't know  
If you touch me like you did when we was kids, uh oh  
It's on, it's on, I'mma take ya home  
I'm grown, I'm grown, I'll make ya moan  
If you want it, better act like you want it  
'Cuz the girl right beside you want your spot  
If you know what it is, act like you know  
Bring your pretty self over here and drop it like it's hot For the beezy weezy lil like easy  
Say in on the tele and do it like its for TV  
You could win or lose, it's up to you how you play it  
You see it, I ain't gotta say it I'm money in the bag, all I do is pop tags  
Don't you wanna be down  
With somebody that's gonna make you smile and laugh  
Don't you wanna be down All I need is one time and I bet you go crazy  
'Cuz I'mma make you do what it do, baby  
No if's, no and's, no but's or maybe's  
'Cuz I'mma make you do what it do, baby Don't worry, don't trip  
Just hurry hurry and bring it over here baby  
Don't worry, don't trip

Just hurry 'cuz I'mma make you do what it do, baby  
Down South let me see what ya bouncin'  
like

West Coast let me see what ya crumpin' like

Mid West let me see what ya mono like

East Coast let me see what ya shakin' like, c'mon  
Down South let me see what ya bouncin' like

West Coast let me see what ya crumpin' like

Mid West let me see what ya mono like

East Coast let me see what ya shakin' like, c'mon  
All I need is one time and I bet you go crazy

'Cuz I'mma make you do what it do, baby

No if's, no and's, no but's or maybe's

'Cuz I'mma make you do what it do, baby  
Don't worry, don't trip

Just hurry hurry and bring it over here baby

Don't worry, don't trip

Just hurry 'cuz I'mma make you do what it do, baby
