

# Waging War

## CeCe Winans

Anoint my head anoint my feet  
Send your angels raining down  
Here on the battle ground  
For your glory  
We're taking territory  
Fighting unseen enemies  
Like never before  
We're Waging War I'm tired of principalities  
Messing with me  
(Waging war)  
I'm tired of the devil  
Stealing from me  
(Waging war)  
I promise he won't get  
One more thing  
(Waging war)  
I'm taking it back  
Taking territory  
(Waging war)  
I'm ready for the battle  
I'm ready to win  
(Waging war)  
My weapon of power  
He lives within  
(Waging war)  
I can't be defeated  
The enemy's gotta flee  
(waging war)  
I'm taking it back  
Taking territory  
Going into battle Going into battle  
Going into battle Be my sword  
Be my shield  
As we claim the victory  
Over the enemy  
In your name  
Your rule and rain Never being defeated anymore We're waging war  
Be my sword Be my shield As we claim the victory  
Over the enemy  
In Your Name  
Your rule and reign  
Never being defeated anymore

We're waging war  
I'm tired of principalities  
Messing with me(Waging war)  
I'm tired of the devilStealing from me(Waging war)  
I promise he won't get  
Get one more thing(Waging war)  
I'm taking it backTaking territory(Waging war)  
I'm ready for the battle  
I'm ready to win  
(Waging war)  
My weapon of power  
He lives within  
(Waging war)  
I can't be defeated  
The enemy has gotta flee  
(waging war)  
I'm taking it back  
Taking territory  
Going into battle  
Going into battle  
Going into battle  
Send your fire  
Send your fire  
Fire by night  
Cloud by day  
A strong tower  
Send the latter rain  
Lion of Judah  
Lord, God  
Mighty In battle  
Since you did it back then  
We know you'll do it again  
Fire by night  
Cloud by day  
A strong tower  
Send the latter rain  
Lion of Judah  
Lord, God  
Mighty In battle  
Since you did it back then  
We know you'll do it again  
We're going into battle  
We're going into battle  
We're going into battle  
Fire by night  
Cloud by day  
A strong tower  
Send the latter rain  
Lion of Judah

Lord, God  
Mighty In battle  
Since you did it back then  
We know you'll do it again  
Fire by night  
Cloud by day  
A strong tower  
Send the latter rain  
Lion of Judah  
Lord, God  
Mighty In battle  
Since you did it back then  
We know you'll do it again  
So we're waging war  
I'm tired of principalities  
Messing with me  
(Like never before) (Waging war)  
I'm tired of the devil  
Stealing from me  
(Waging war)  
I promise he won't get  
Get one more thing  
(Waging war)  
I'm taking it back  
Taking territory (I'm taking it back)  
(Waging war) (I'm taking it back)  
I'm ready for the battle  
I'm ready to win  
(Waging war)  
My weapon of power  
He lives within  
(Waging war)  
I can't be defeated  
The enemy has gotta flee  
(waging war)  
I'm taking it back (We're waging)  
Taking territory (We're waging)  
We're waging war oh,  
Waging War!
