

Marina del Rey

George Strait

We said goodbye in Marina Del Ray
I had a good time
Was the last thing I heard her say
As I walked away
And on the plane back to Tennessee
My mind comes across her memory
And yesterday in Marina Del Ray

Chorus

On a hidden beach under a golden sun
She spread a blanket that we layed down on
And loved the world away

In Marina Del Ray

And as we looked into each others eyes
We found our bodies lost in paradise

Like castaways

In Marina Del Ray Like the ocean tides, highs and lows
Love sometimes comes and goes away

In Marina Del Ray

And as this plane is touching down
Tears touch my eyes for I have found
My heart has stayed

In Marina Del Ray

Chorus

On a hidden beach under a golden sun
She spread a blanket that we layed down on
And loved the world away

In Marina Del Ray

And as we looked into each others eyes
We found our bodies lost in paradise

Like castaways

In Marina Del Ray We said goodbye in Marina Del Ray
