

# Really Wanna See You

Lydia Loveless

Well I was just thinking about you and how you got married last June  
I wondered how that worked out for you, so I just thought I would call  
Cos I went to a party someone gave me some blow tears came right to my eyes  
And the phone was right there so I just thought I would call  
Cos there were times that I feel like I can't go on  
Well I would reach for you and you were gone  
So honey I just thought I would call to see how you were doin'  
I really wanna see you again  
I just thought I would call to see how you were doin'  
Cuz I really wanna see you again  
Cos there were times I was such a bitch, I can be so insensitive  
I really wanna make it up to you now, so I just thought I would call  
I was cleaning up my room found a magic eight ball asked if  
i'd ever get to kiss your lips again it said "I better not tell you right now"  
So I had to call  
Cos there were times I was not there for you at all  
Oh you'd reach for me and I was long gone  
So honey I just thought I would call to see how you were doin'  
I really wanna see you again  
I really wanna see you, I wanna kiss you again  
right on the mouth and tell you all the things I should have told you then  
I wanna see you, I wanna see you again.  
Cos I went to a party someone gave me some blow  
Tears came right to my eyes,  
Remember how I used to get so emotional honey  
And the phone was right there so I just though, I dunno I guess I just thought  
I just thought I would call to see how you were doin'
