

Lolita

Miniature Tigers

Red headed and sweet
Only seventeen
Saw you in some kind of
Gypsy crystal ball wet dream
Wild curly hair
A face that doesn't care about me
No, you're reading a book outside
By yourself always
When you go to your dark place, I
Wanna look in your light
Wanna look around inside your head
Wanna turn on your light
Late afternoon
Up there in your room
Heard you humming something
Softly to yourself awake
When you go to your dark place
I wanna look in your light
Wanna look around inside your head
Wanna turn on your light
I wanna really get it and I can't relate
I just wanna lock myself away
Only wanna spend my time with you
Only wanna do what you wanna do
And I don't know what I want from you
Not sure if I wanna stay with you
I can't take my mask away
When you go to your dark place, I
Wanna look in your light
Wanna look around inside your head
Want to turn on your light
I wanna really get it and I can't relate
I just wanna lock myself away
Only wanna spend my time with you
Only wanna do what you wanna do
And I don't know what I want from you
Not sure if I wanna stay with you
I can't take my mask away
I wanna really get it and I can't relate
I just wanna lock myself away
Only wanna spend my time with you
Only wanna do what you wanna do

And I don't know what I want from you
Not sure if I wanna stay with you
I can't take my mask away
