

FaceTime

21 Savage

Henny in my system, I'm gone
Speedin' on the E way, all gone
Girl you put up with that nigga? You strong
Ain't no need to play games, I'm grown
Out there cheating, man, it turn ya heart cold
She don't wanna hear the lies, it's old
Takin' shots even when it's too strong
Fuck a nigga, lick her, make her moan
Gotta get up in the mornin', she grown
I be drankin', I be drivin', I'm wrong
Had a long day at work and I know
I can't text my girl, I'm on my way home I'm too drunk to text so can we FaceTime? (FaceTime)
I won't waste your time if you don't waste mine (don't waste mine)
Girl I wanna taste yours if you gon' taste mine (taste mine)
I won't take your love for granted if you don't take mine (take mine)
We can get drunk all weekend
Let's get drunk all weekend, baby
We can get drunk all weekend
Let's get drunk all weekend, baby
We can get drunk all weekend
Let's get drunk all weekend, baby
We can get drunk all weekend
Let's get drunk all weekend, yeah I take her shoppin', that's easy
Fuck the summer, girl I ball all season
She don't want me to think that she easy
But she ain't tryna make it seem like she teasin'
We just chillin' at the bar and she cheesin'
Buy a hundred shots for no reason
Man, I'm tryna take you home this evening
Brown liquor got her panties leakin'
That nigga stealin' pussy, he thiefin'
OG Kush, I'm chiefin'
Let me swim inside your pool, yeah, the deep end
And we can get drunk all weekend
I'm too drunk to text so can we FaceTime? (FaceTime)
I won't waste your time if you don't waste mine (don't waste mine)
Girl I wanna taste yours if you gon' taste mine (taste mine)
I won't take your love for granted if you don't take mine (take mine)
I'm too drunk to text so can we FaceTime? (FaceTime)
I won't waste your time if you don't waste mine (don't waste mine)
Girl I wanna taste yours if you gon' taste mine (taste mine)
I won't take your love for granted if you don't take mine (take mine) We can get drunk all

weekend

Let's get drunk all weekend, baby

We can get drunk all weekend

Let's get drunk all weekend, baby

We can get drunk all weekend
