

# Let Love Be

Elliott Yamin

Yeah, yeah  
Let love beBaby, fell in love before he took your heart away  
And then he left you in the cold and it's crazy, yeah  
'Cause now you tell yourself you'll never fall in love again  
I know it's hard to let it goBut you gotta stop, breathe  
Maybe it's no coincidence that's you're here with me  
Girl, you should have changed your heart, listenEverybody knows when you find true love  
You might not find it again  
So take it by the hand and let love beEverybody knows when you find true love  
You might not find it again  
So take it by the hand and let love be  
(Yeah, yeah)  
Let love be  
(Yeah, yeah)

Let love beBaby, I know sometimes you wanna run away  
Why don't you run into my arms and maybe  
I can help you see, help you see things my way  
I see you for the star that you areBut you gotta stop, breathe  
Maybe it's no coincidence that's you're here with me  
Girl, you should have changed your heart, yeah, yeahEverybody knows when you find true love  
You might not find it again  
So take it by the hand and let love beEverybody knows when you find true love  
You might not find it again  
So take it by the hand and let love be  
(Yeah, yeah)  
Let love be  
(Yeah, yeah)

Let love beSometimes it's written across the sky  
Might be in disguise  
But sometimes it's easy to see  
That's it's a beautiful thing  
Let love beSometimes the writing's on the wall  
Or maybe those words are just too small  
For you to see  
So open your eyes and let love beEverybody knows when you find true love  
You might not find it again  
So take it by the hand  
(Take it by the hand)

And let love beTrue love comes when you find yourself  
And that's where the story begins  
So take it by the hand and let love be  
(Yeah, yeah)Ooh, let love be, yeah

(Yeah, yeah)  
Ooh, let love be  
Ooh, oh yeah  
Let love be
