

# Coming Home

Gwyneth Paltrow

It's a four letter word  
A place you go to heal your hurt  
It's an altar, it's a shelter  
One place you're always welcome  
A pink flamingo, double wide  
One bedroom in a high rise  
A mansion on a hill  
Where the memories always will  
Keep you company whenever you're alone  
After all of my running  
I'm finally comingHome - the world tried to break me  
I found a road to take me  
Home - there ain't nothing but a blue sky now  
After all of my running,  
I'm finally coming... Home  
Well they say it's where the heart is  
And I guess the hardest part is  
When your heart is broken  
And you're lost out in the great wide open  
Looking for a map  
For finding your way back  
To where you belong  
Oh well that's where I belongHome - the world tried to break me  
I found a road to take me  
Home - there ain't nothing but a blue sky now  
After all of my running  
I'm finally coming... HomeHome  
Home - the world tried to break me  
I found a road to take me  
Home - there ain't nothing but a blue sky now  
After all of my running, I'm finally coming...  
After all of my running  
I'm finally coming... Home
