

# Cocaine Model

ZHU

I asked her can I have your number  
Looks like blue must be your color  
Love the way you wear that dress  
Even though your hair's a mess  
She said its Isabel marant  
And I got everything you want  
Only questions can you hang  
Will you come and entertain? I will, I will, I will  
Never forget the thrill  
We know, we know, we know  
What we came for  
What we came for  
Will they get where you're from  
Will they get where you're from  
If you give me what I want I'll give it to you right back  
If you give me what I want I'll give it to you right back She told me was from Morocco  
By the way of south Chicago  
Graduated in the bay  
Had her birthday in LA  
Said I had to go to Paris  
Private jets on her parents  
Asked me if I wanna roll  
I said if you take me home I will, I will, I will  
Never forget the thrill  
We know, we know, we know  
What we came for  
What we came for  
Will they get where you're from  
Will they get where you're from  
If you give me what I want I'll give it to you right back  
If you give me what I want I'll give it to you right back  
If you give me what I want I'll give it to you right back  
If you give me what I want I'll give it to you right back
