

# I Wonder

[Kellie Pickler](#)

Sometimes I think about you  
Wonder if you're out there somewhere thinking 'bout me  
And would you even recognize  
The woman that your little girl has grown up to be 'Cause I look in the mirror and all I see  
Are your brown eyes looking back at me  
They're the only thing you ever gave to me at all Oh, I hear the weather's nice in California  
There's sunny skies as far as I can see  
If you ever come back home to Carolina  
I wonder what you'd say to me  
I think about how it ain't fair  
That you weren't there to braid my hair like mothers do  
You weren't around to cheer me on  
Help me dress for my high school prom like mothers do Did you think I didn't need you here?  
To hold my hand, to dry my tears?  
Did you even miss me through the years at all? Oh, I hear the weather's nice in California  
There's sunny skies as far as I can see  
If you ever come back home to Carolina  
I wonder what you'd say to me Forgiveness is such a simple word  
But it's so hard to do when you've been hurt  
Oh, I hear the weather's nice in California  
And just in case you're wondering about me  
From now on I won't be in Carolina  
Your little girl is off, your little girl is off  
Your little girl is off to Tennessee
