

# Love Me Like You Used To

[Tanya Tucker](#)

In a cozy little restaurant for lovers  
It seems so out of place for you and me  
We used to play around, under the covers  
But now it's just a place to watch TV  
So love me like you used to  
When our love was brand new  
And, darlin', when we're through  
You can love me again  
And hold me like you want to  
Instead of like you have to  
Love me like you used to love me  
When you used to love me  
Baby, we could use a long vacation  
But the trouble here is bound to tag along  
We used to be each other's inspiration  
When it only took my touch to turn you on  
So love me like you used to  
When our love was brand new  
And darlin', when we're through  
You can love me again  
And hold me like you want to  
Instead of like you have to  
Love me like you used to love me  
When you used to love me  
Well, we used to sit and talk about forever  
But now we hardly ever talk at all  
We walked a lot of tightropes together  
We always caught each other when we'd fall  
So love me like you used to  
When our love was brand new  
And darlin', when we're through  
You can love me again  
And hold me like you want to  
Instead of like you have to  
Love me like you used to love me  
When you used to love me  
Love me like you used to  
When you used to love me
