

One Day One Night

SuperHeavy

One day one night
You'll find, you'll see
I was right, you were wrong
You should never have abandoned me This rotten cheap hotel
With a stale old smell
Where the hell is the bellman
Did I call down downstairs, does anybody care?
Send me a pack of those cigarettes please Make that two
One bottle of vodka and one glass
The television doesn't seem to work so well
What a situation
What a situation
Lock clock, flips by so slow
Somewhere I hear a crackly radio
Shout out the news in Spanish
How much longer can I languish?
Think my appetite has vanished
Feeling sorry for myself
I think I'm gonna go downstairs
I've got to clear my head, oh yeah One spliff, no light
Me and my empty box of matches
And a half bottle of Guinness
And one love, one life
Plus no taxi budget means
Must walk, no ride
If I'm to build my vibe tonight
That's right
Can anybody get a drink around here?
At least some music
Out of the way
Let me on this plane! One day one night [(one night)]
You'll find out what's right, you're gonna realize
One day one night
You're gonna miss me [(you're gonna miss me)]
It's gonna end up being some crying Yeah, what's the situation? [(what's the situation?)]
I want to avoid your confrontation
One day [(one day)] one night [(one night)]
You're gonna wake up, wake up and cry You're gonna break down and cry, [(sit down and cry)]
One day I swear, one night, [(I need to see you cry)]
I swear yeah you're gonna miss me
Yeah you're gonna miss me
Wish you're gonna, wish you're gonna

Wish you're gonna never gonna ever wanna stop
