

# Crybaby

## Paloma Faith

Oh, it's okay to be  
A little broken and beat  
But I'm alright with that  
You're with me, relax  
And you call it weak  
Baby, you're just unique  
Come out of the black  
Never hold it back You got such sad eyes, turn blue to grey  
And it hurts me to see you hurt this way  
Oh, go on and cry, baby, crybaby  
'Cause you don't have to keep it inside (just cry, just cry)  
Go on and cry, baby, crybaby  
And there's no reason you got to hide (just cry, just cry)  
A real man shows his feelings  
Tears they can be healing  
And I can be your savior tonight  
So go on and cry, baby, crybaby  
Just cry You keep coming home drunk  
And I don't know what's up  
You can talk to me  
Spare those whiskey dreams  
Don't have to man up  
That phrase kinda sucks  
Let yourself be free  
And open up to me  
You got such sad eyes, turn blue to grey  
And it hurts me to see you hurt this way Oh, go on and cry, baby, crybaby  
'Cause you don't have to keep it inside (just cry, just cry)  
Go on and cry, baby, crybaby  
And there's no reason you got to hide (just cry, just cry)  
A real man shows his feelings  
Tears they can be healing  
And I can be your savior tonight  
So go on and cry, baby, crybaby  
Just cry, oh Nothing's the end of the world  
Feeling this pain and it's gonna be alright  
One day you'll look back and know  
It wasn't worth all the heartache  
This could be the making of you  
So let it all out, let it fall down, yeah Oh, go on and cry, baby, crybaby (let me see you cry)  
'Cause you don't have to keep it inside (just cry, just cry)  
Go on and cry, baby, crybaby (let me see you cry)

And there's no reason you got to hide (just cry, just cry)  
A real man shows his feelings  
Tears they can be healing  
And I can be your savior tonight  
So go on and cry, baby, crybaby  
Just cry, ohSweet darling  
Let it all out
