

Praise

Marvin Gaye

Say baby, you know i want you
To let your light come shining through
Aww baby, baby, why don't you just let your light
Come shining through? Baby, no need to worry
Let your love come shining through
Honey, when in trouble
Let your love come shining through Ohh baby, you'll be happy
When your light come shining through
Baby, life is a party
Let your love come shining through
Let it shine, baby, let it shine, baby
Let it shine, baby, let it shine, baby
Shine all the time, shine and be kind
Then you'll feel fine, then you'll be mine Baby, life is worth living
If you let your love come shining through
Aww baby, the world is mellow
When you let your love come shining through Mmm baby, you look so pretty while you dancin',
baby
Shining, look so pretty, shining, shining
Give it to me, shining, shining
Look so pretty, shining Oh baby, let your love come shining through
Oh darling, let your light come shining through
Ooh baby, the world is waiting
So let your light come shining through
Stevie, we really dig you
Hope you don't mind this riff from you
Ohh, praise Him when you go to work
Praise Him when your feelings hurt
Praise Him when you're feeling bad
Praise Him when you're feeling sad
All praises to the power Praise Him by the love you give
Praise Him by the way you live
Praise Him even when you dance and make romance
When you make romance
(Let your light come shining through, baby) Praise Him when you got no time
Praise Him whether rain or shine
(Shine shine shine shine shine)
Praise Him for the sunlighted sky
Praise Him for the moonlight
