

# Morning Is Coming

## Sting & Shaggy

It's a beautiful day  
Four meter rocker on your way  
Only wanna say Sting Sweet nightingale  
Why do you wake me so  
Sweet nightingale  
You're telling me something I don't know It's quarter to three  
You're singing driving me right outta my tree  
I'm so tired that I could weep  
When all the other birdies are still fast asleep, yeah Morning is coming  
Morning is on its way  
Morning is coming  
It's revelation day  
Sweet nightingale  
We'll talk it over in the light of day  
Why can't it wait  
I need my beauty sleep whatever you say Wake up, it's a beautiful day  
Wake up, don't you hear what I say  
'Cause I be rocking in my shoes  
To this sweet reggae groove  
Ain't nobody gonna spoil my mood To this beautiful sunshine I'm rising up  
Just a positive vibe me you sun build me up  
Overflowing like the odd coffee inna me cup  
Ain't no time for easing up (Yeah!) Morning is coming  
Morning is on its way  
Morning is coming  
It's revelation day  
Oh nightingale  
You broke a dream or I don't live on my own  
Oh nightingale  
I look around but there's nobody home Round yourself and get out of bed (Uh-uh)  
And drag your comb across your sleepy head  
Clean your teeth and wash your face  
Look like you're a member of the human race Wake up, it's a beautiful day  
Wake up, don't you hear what I say  
'Cause I be rocking in my shoes  
To this sweet reggae groove  
Ain't nobody gonna spoil my mood Now miss a morning time bop to evening time  
Miss a message when me used to [?]  
Enjoy, it's a beautiful time Oh, morning is coming  
Morning is on its way  
Morning is coming  
It's revelation day Morning is coming

Morning is on its way

Morning is coming

It's revelation day
