

# Walk the Line

Iggy Azalea

Yeah we don't wanna do anything to scare your children  
That's the last thing we wanna do  
We don't wanna scare anybody Never said it was fair, but still I never knew fear  
Not in a million years could you tell me that I'd be here  
I just hopped off that lier, my life on another tier  
Lifting glasses for cheers, keep that hating out my ear  
From country living to county skipping, this would drive you crazy  
Check the rate that they pay me a giant could never slay me  
Money never a maybe but never forgot my roots  
I heard that the top is lonely I wonder if it's the truth  
So I'm just climbing pay that fine and now I'm shining could be blinding  
Ain't too much real left but right here is where you could find it  
This that new classic, Ain't this what you needed  
I'm what amazing look like you recognise it when you see it  
Know where I wanna be but I'm far from home  
Just tryna' make it on my own  
And unless they send me clothes i dont answer phones  
This is the line and I walk alone  
Ain't no going back now  
Don't know where I'm at now  
Ain't no going back now  
This is the line and I walk alone I've been counted out, I've been stepped on  
I was wide awake and got slept on  
I had everything and then lost it  
Worked my ass off, I'm exhausted  
All this talk about me, just talk about me  
I'm here now, they can't walk around me  
I'm dedicated, flow elevated  
Tell every hater hope you never play it, said I'll never make it  
I'm celebrating, I'm never quitting, no resignation  
I took desperate measures out of desperation  
I'm a fresh face with no expiration  
The pressure made diamonds so I threw 'em off in this chain  
When it's all on the line  
I'm who you want in the game  
Cause I'm gonna get it and it's for sure  
Can't be like y'all, it's no go  
International, y'all local, got this locked up just like gopo  
Every beat get a??  
Won't lose, oh, no, that's your call  
Been up and down like low lows  
Still make my own on my solo

Had to be here to believe it  
Things like whether to perceive it  
It will let you know that I mean it  
If I speak it I say keep it  
This flow, this heinous  
Just think about it, would I think about it?  
If I didn't live it won't ink about it  
Married to the money, put a ring around it, what?  
Know where I wanna be but I'm far from home  
Just tryna' make it on my own  
And unless they send me clothes i dont answer phones  
This is the line and I walk alone  
Ain't no going back now  
Don't know where I'm at now  
Ain't no going back now  
This is the line and I walk aloneAnd everything ain't the way I planned it  
But when the smoke clears I'm the one standing  
This lifestyle can be so demanding  
But I take off like a plane and I ain't ever landingKnow where I wanna be but I'm far from home  
Just tryna' make it on my own  
And unless they send me clothes i dont answer phones  
This is the line and I walk alone  
Ain't no going back now  
Don't know where I'm at now  
Ain't no going back now  
This is the line and I walk aloneAin't no going back now  
Ain't no going back now  
This is the line and I walk alone
