

Alcoholics

Skizzy Mars

Yeah we think we're grown ups
But really we're just growing up
Yeah we think we know it all
But really we don't know enough
Hanging off the balconies, hoping she not throwing up
Kissed her and I said, I don't believe in no love
Uh, fast money no slow buck, label can't control us
We chasing perfection, penthouse so they know whats up
Summer got shorter, the leaves started
falling and turning the Autumn the whole handles gone
We're just alcoholics guess that's what you call it
Started gilado sirens so August you mixing
With pills that they at
Thats what we call it, we alcoholics
Alcoholics
I still be drinking at your lobby baby I'm a alcoholic
I'm drinking all night till the sunrise, baby
I'm an alcoholic
And you know my cup fill got low eyesthat snort like a
Alcoholic
I'm tryna stay raised but its so hard to dothat tonight
Stuck in the city, humid as fuck
I might catch the jetty, this cuban come wit me
Fuck his 4 must be missing
My ex girl is trippin
I may not exist in
I might take a trip to Jamaica for distance having preminitions
Summer got shorter, the leaves
started falling and turning the Autumn the whole handles gone
We're just alcoholics guess that's what you call it
Started gilado sirens so August you mixing
With pills that they at
Thats what we call it, we alcoholics
Alcoholics
I still be drinking at your lobby baby I'm a alcoholic
I'm drinking all night till the snow has me be
I'm an alcoholic
And you know my cup fill got low eyesthat snort like a
Alcoholic
I'm tryna stay raised but its so hard to do that tonight
I got prescriptions and I need to fill up
I got some demons and I need to kill em
Blow got her numb, she need to feel em
Fuck this facade, Man I need some restedAlcoholics

I still be drinking at your lobby baby I'm a alcoholic
I'm drinking all night till the snow has me be
I'm an alcoholic
And you know my cup fill got low eyesthat snort like a
Alcoholic
I'm tryna stay raised but its so hard to dothat tonight
