Love/Paranoia

[Tame Impala](#)

I may not be as honest as I ought to be
Now that, when the walls go up
I said it didn't worry me but it hit me like an arrow
Babe, to know, I could just be paranoid
Won't quell the desire to know what was really going on
"Does it really fucking matter, babe?" Is all you can ask meOkay, fair play, here we goI've
heard those words before
Are you sure it was nothing
'Cause it made me feel like dying inside
Never thought I was insecure
But it's pure
Didn't notice until I was in love
For realAm I really gonna cross the lineJust to find what you're typing?
If only I could read your mind
Oh, I'd be fine, I'd be normal
But now's my time, gonna do it
And suddenly I'm the phony one
The only one with a problem
True love is bringing it out of me
The worst in me, and I know now
Do you remember the time we were
The time we were by the ocean?
I didn't care if it was day or night
The world was right where I wanted
Girl I'm sorry
Babe I'm really, really sorry
