

# 80's Joint

## Kelis

Forget about the neighbors, we're doin' them favors, I can wait tonite  
Forget about the neighbors, we're doin' them favors, I can wait tonite  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'  
I like to tease them boy, it seems that you can read my mind  
Let me show you and I promise you'll have fun with mine  
This is not a test so playboy come and give your best  
Come on with it, I just hope that you can make it last, girl  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'  
Baby the only one, I just want to give you all my time  
Boys are waitin' up the back in line  
You're the one I can't get out my head  
It's so cute the way you said that you want it  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'  
Don't make me wait for your lovin'
