The Scientist

Coldplay

Come up to meet you, tell you I'm sorry You don't know how lovely you are I had to find you, tell you I need youTell you I set you apart Tell me your secrets and ask me your questions Oh, let's go back to the startRunning in circles, coming up tails Heads on a science apart Nobody said it was easy It's such a shame for us to part Nobody said it was easy No one ever said it would be this hardOh, take me back to the start I was just guessing at numbers and figures Pulling the puzzles apart Questions of science, science and progressDo not speak as loud as my heartBut tell me you love me, come back and haunt me Oh and I rush to the start Running in circles, chasing our tails Coming back as we are Nobody said it was easy Oh, it's such a shame for us to part Nobody said it was easy No one ever said it would be so hard I'm going back to the start Oh ooh, ooh ooh ooh ooh Ah ooh, ooh ooh ooh ooh Oh ooh, ooh ooh ooh ooh Oh ooh, ooh ooh ooh ooh Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
