## Buraka Som Sistema

Tic tac toc se eu me excito sem top  
Tipo tuga baby you rock  
866099, tipo long long way  
See you know I'm hot  
Bla bla bla against the wall  
Com mini-saia bem small  
Ring ring ring show my bootie call  
Na na na tipo barbie doll We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night They say we play don't play our way  
All night awake all day okay  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
Click clack clock run fast don't stop  
Chop chop ou levas um core  
hãn hãn p'ra baixo não vou  
Não quero ir no teu flow  
Lick lick me dos pés ao top  
Toca no meu G-spot  
Girls night out boy let me go  
Na na na tipo barbie doll We stay up all night we stay up all night  
We stay up all night we stay up all night  
We stay up all night, we stay up all night .They say we play don't play our way  
All night away all day okay  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
They say we play don't play our way  
All night away all day okay  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night We stay, up all night  
We stay, up all night  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night  
We stay up all night, we stay up all night
