

Telling Me This (feat. Jorge Elbrecht)

[Kirin J Callinan](#)

So, in conclusion
It's my professional opinion
Of our situation Your expectations
Led me to this
No explanation
Revealed in a kiss
Your expression
Is telling me this
(Your expression
Is telling me this)
Upon reflection
There's always two directions
When causing this friction
You're sending me pictures of your pale white rift
Your hand in your mouth
A finger through your lips
Your expression
Is telling me this
(Is telling me this)(Goodbye goodbye)
(Goodbye goodbye)
(We sing goodbye)
My nothings are purple, your bruises are green
Bitter the bed, it's peaches and cream
We are in the room
But not without fixture
Your expression
Is telling me this
(Is telling me this)
Is telling me this
(Is telling me this)
Is telling me this
(Your expression)
Is telling me this My nothings are purple, your bruises are green
Bitter the bed, it's peaches and cream
We are in the room
But not without fixture
Your expression
Is telling me this
