

Struggle To Be (feat. Q. Parker)

Algebra Blessett

Algebra: My heart forgot that it was broken into pieces
When I saw that you were hoping, I still loved you
And you wanted me as much as I wanted you
But the words would go unspoken
That we made a big mistake in the past, went separate ways
Never thought our love will outlast, but it stayed
My head and my heart, are falling apart
Don't want to miss out again on the good love

Chorus:

Cause baby, it's you that I want,
And it's you who's unavailable for me and it's hurts
My heart, to be a good girl
Baby, it's me you say you need
But it's you who's already married to someone
And it's hard for me,
I struggle to be a good girl
I want to be bad

It's a struggle to be a good girl
Que: Baby, I hear what you're saying,
But let me be honest and say that
If I was a single man
I would pursue everything,
But I just can't juggle two loves,
It's not in the plan
And I bet you would
But if we gonna be one hundred

My love for you will never die, that is a promise!
But we both can agree that
We made a big mistake in the past, went separate ways
Never thought our love would outlast. But I gave you
My head and my heart you're always be a part
I really do miss your good love!

Chorus:

Baby, it's you that I want,
And it's you who's unavailable, for me, it hurts
My heart, to be a good girl
Baby, it's me you say you need
But it's you who's already married to someone
And it's hard for me,
I struggle to be a good guy
I want to be bad

It's a struggle to be a good guy Even though we're lovers, still we can never

Be what were but let's do what's best for us,
Right now
what makes sense is
To love from a distance, cherish the moments.
I know it hurts but this is what we must do
Everything was special, I won't forget you!
Oo, you changed my life, you changed my world
You'll always be my guy!
You'll always be my girl!
I know it's not easy, but I'll always gonna be the good guy
Good girl, good guy
Good girl, good guy
