

Time of the Month

Swiss

1

I wake up to you cussin
Please baby not again
After a good night of lovin
Gave you want you wanted
Now your playing the mind games
Pre-I say a lil something (To try and make it right)
But you say nothing (And that I make it right)
I'm sitting on the enemy
And we'll be at war again
It's the time of month
When my baby goes crazy
Out of her mind
And she's telling me she hates me
I give her a little time
Cause in a few day she'll be fi-i-i-ine 2
Travelling, If i don't right now
We won't last much longer
It's just the first day, tomorrow's okay
But the day after that no way
I ain't hanging around, cause it's suicide
I gotta give her space it's do or die
Oh and every man understands where coming from
it ain't no lie, it's that time
It's the time of month
When my baby goes crazy
Out of her mind
And she's telling me she hates me
I give her a little time
Cause in a few day she'll be fi-i-i-ine 3
(Dang
I think she heard me
Okay)
Baby you move keeps swinging like yankie
I deck a roll low and few days you thank me '
I guess its the time when you turn into a b#tch
and it gets real ugly ha ha (lil witch)
You catch me like there is no tomorrow
When i think we need a priest, from a family i rose
She hatin' me now, but in a few days she won't
Okay she hate me, i think i gotta go
Bridge
Fella's if you understand where i'm coming from
Say yeah yeah yeah

and if your girl playing up like mine do,
i suggest you get the hell out there yeah yeah yeah
fellas if you understand where I'm coming from
say yeah yeah yeah
and if your girl playing up like mine do
i suggest you get the hell out there yeah yeah yeahIt's the time of month
When my baby goes crazy
Out of her mind
And she's telling me she hates me
I give her a little time
Cause in a few day she'll be fi-i-i-ine
