Afro Blue

The Derek Trucks Band

Dream of a land my soul is from I hear a hand stroke on a drum Elegant boy, beautiful girl Dancing for joy elegant whirlShades of delight, cocoa hue Rich as the night Afro blueTwo young lovers dance face to face With undulating grace They gently sway, then slip away To some secluded place Shades of delight, cocoa hue Rich as the night Afro blueWhispering trees, echo their sighs Passionate pleas, tender replies Lovers in flight upward they glide Burst at the height slowly subsideShades of delight, cocoa hue Rich as the night Afro blueAnd my slumbering fantasy assumes reality Until it seems it's not a dream for two for you and me Shades of delight, cocoa hue Rich as the night Afro blue Oh, shades of delight, cocoa hue Rich as the night Afro blueShades of delight Afro, Afro blue Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
