## **Unfurling a Darkened Gospel**

## **Job for a Cowboy**

Propel this solitary man in front of us
With his corrupted global agenda muttering into his earsCorporate money stuffed into his pockets

To spread his darkened gospel
In the past the crowned once held the covenant
To shape and develop a better worldTheir influence and supremacy
Built by generating optimistic and confident perception
Offerings to their herds of sheepTime repeats itself and outspoken

Pledges continue to not succeed
The people have renounced trust in ideologies

Safety and protection is the contemporary vow

For the role that will reinstall masterdom and controlCorporate money stuffed into his pockets

To spread his darkened gospelIn the past the crowned once held the covenant

To shape and develop a better worldTo rescue us from uncertainty and peril

That we are visionless to see or interpret

A threat that evidently needs to be fought

In a manufactured waged warA vile misconception that has unfurled unquestioned While being exaggerated and disfigured and disfiguredTheir influence and supremacy built By generating optimistic and confident perception

Offerings to their herds of sheep
A threat that evidently needs to be fought
In a manufactured waged war
A vile misconception that has unfurled

Unquestioned while being exaggerated and disfigured Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
