

Kleptomaniac

Joe Jonas

Oh that girl can kill you with a smile
She'll see you coming from a mile
So don't leave nothing in your pockets. Oh where she'll make your [something] change
And she'll put poison in your brain
[something] I want you to know
I'm telling you she's cold to her soul
Everything ain't glitter and gold,
even though it's blinding. She's a kleptomaniac, she'll steal your heart.
Such a maniac, under her control.

Kleptomaniac.

Give your all, she wants more and more and more
Maniac x6 [something] in disguise
So don't leave nothing in your pockets
[something] Oh where she'll make your [something] change And she'll put poison in your brain
[something] I want you to know
I'm telling you she's cold to her soul.
Everything ain't glitter and gold,
Even though it's blinding. She's a kleptomaniac, she'll steal your heart
Such a maniac, under her control

Kleptomaniac.

Give your all, she wants more and more and more Maniac x6
I want you to know
I'm telling you she's cold to her soul
Everything ain't glitter and gold,
Even though it's blinding. She's a kleptomaniac, stealing your heart
Such a maniac, under her control

Kleptomaniac

Give your all, she wants more and more and more Maniac
