

Meet Me On the Equinox

Death Cab for Cutie

Meet me on the Equinox
Meet me half way
When the sun is perched at it's highest peak
In the middle of the day
Let me give my love to you
Let me take your hand
As we walk in the dimming light
Or darling understand
That everything, everything ends
That everything, everything ends
Meet me on your best behavior
Meet me at your worst
For there will be no stone unturned
Or bubble left to burst
Let me lay beside you, Darling
Let me be your man
And let our bodies intertwine
But always understand
That everything, everything ends
That everything, everything ends
That everything, everything, everything ends
A window
An opened tomb
The sun crawls
Across your bedroom
A halo
A waiting room
Your last breaths
Moving through you
As everything, everything ends
As everything, everything ends
As everything, everything, everything
Everything, everything, everything ends
Meet me on the Equinox
Meet me half way
When the sun is perched at it's highest peak
In the middle of the day
Let me give my love to you
Let me take your hand
As we walk in the dimming light
Or darling understand
That everything, everything ends
