

Summerzcool

Jimmy Buffett

You messed up you read the paper
You accidentally watched the news
You inadvertently find yourself in the vicinity of the blues
Bust your ass to get a good life
You make a habit out of overtime
When the big report card comes
Your priorities are way out of line
Chorus:
You need to go to summer school
Into the beach or at least in a pool
Time to go to summer school
Remember what is and what is not cool
Time out for bad behavior
Time off you
