

# One Night

Matthew Koma

You think you're the new Sexy,  
In a white Mercedes that bends me to the grave.  
You make casual messy,  
And all materials possess you like a slave,  
You're custom-made. Don't take this swim for more than it is,  
It's one night, one night, one night. Chew my love under your tongue  
Like it's your bubblegum  
You're blowin' bubbles till the taste is gone  
You comin' over for the night,  
One night, one night, one night.  
Chew my love under your tongue  
Like it's your bubblegum.  
Just spit me out when it becomes more than fun.  
'Cause I'm comin' over for the night,  
One night, one night, one night.  
Conversation is violent.  
Baby you're too digital,  
8-bit dated physical  
But keep me under you're ceiling.  
'Cause you're concrete's cheaper and  
crumbling like me like grease on me, oh no. Don't take this swim for more than it is,  
It's one night, one night, one night. Chew my love under your tongue  
Like it's your bubblegum  
You're blowin' bubbles till the taste is gone  
You comin' over for the night,  
One night, one night, one night.  
Chew my love under your tongue  
Like it's your bubblegum.  
Just spit me out when it becomes more than fun.  
'Cause I'm comin' over for the night,  
One night, one night, one night.  
Now, I'll pull you in close  
It's a sweet and sour high,  
When you promise not to try,  
You have a promise that I lie,  
We can drink the punch for this one last time,  
Just one more last time. Chew my love (chew my love) under your tongue  
Like it's your bubblegum (bubblegum)  
You're blowin' bubbles till the taste is gone  
You comin' over for the night,  
One night, one night, one night.  
Chew my love under your tongue

Like it's your bubblegum.  
Just spit me out when it becomes more than fun.  
'Cause I'm comin' over for the night,  
One night, one night, one night  
One night, one night, one night  
One night. Just spit me out when it becomes more than fun.
