

Offended (feat. Young Thug & 21 Savage)

Meek Mill

Meek Milly, Jeffery, woah
Yeah, yeah
Fuck is you talking bout? Bitch, you offended me
I just might go 'head and let this lil bitch suck my dick till it tickle me
I just might go 'head and mix me a Sprite with some lean like it's chemistry
Goddamn, I had four hoes at one time, they was drilling me
I heard the lil boy was plotting on killing me
Fuck 'round and lift up they soul like Lil Chino be wheelin'
I usually don't beg but I don't want the ceiling please
Oxycontin fucking kidneys up
Molly, my cup look like bath salt
And I'm too high horsed for asphalt
Therefore I'm in clouds from day to dark
They say that I changed, it's the cash fault
Pay everybody like a cash cow
I switch through the lanes like a NASCAR
The Rollie stainless, stainless
We young and rich and we dangerous
I'm at Piccadilly's with your missus, nigga
And the weed stinking like a chitlin, nigga
Bend the money down like a Philly, nigga
Make me catch you slipping then it's Christmas, nigga
The bulletproof can take a missile, nigga

Swing through your block, bring that sweeper back
Land on your spot where your peoples at

Smoke you where ever we see you at
You don't want no problem so keep at that
Fore you get your man murdered
Hitters in the van lurking
I put bread on the beef (what you do)
Turn it to a hamburger
Put that paper on the scale, nigga
Little homies talking big money
When the wars on you'll tell, nigga
Put a bag on your main hitta
When them things hit 'em, that's an L nigga
So you should be home before mama got dinner for sale, nigga
And that's all I'ma tell niggas, and that's it
