

# Independence Day

Elliott Smith

Future butterfly,  
Gonna spend the day  
Higher than high.  
You'll be  
Beautiful confusion, ooh,  
Ooh.  
Once I was you. Ah, ah...  
Ah, ah...  
I saw you caught between  
All the people out  
Making a scene  
In a bright,  
Ideal tomorrow ooh.  
Don't go too far,  
Stay who you are. Ah, ah...  
Everybody knows  
Everybody knows  
Everybody knows  
You only live a day  
But it's brilliant anyway I saw you out  
A perfect place.  
It's gonna happen soon,  
But not today.  
So go to sleep,  
Amid the change.  
I'll meet you here tomorrow.  
Independence day  
Independence day
