

Red Velvet Seat

Aloe Blacc

Two black horses
One black driver
I chose you as my woman,
Cause your a survivor After everything we've been through,
And what's to come
For all the things I've did,
And haven't done For every time that you called,
And I didn't answer
I want to take this moment
That I got the chance to (Say) That I love you (Say) That I care
(Say) That I need you, right here,
For the whole world to see,
In my red velvet seat
You can sit next to me
Got a bouquet of lillies, and daisies, and roses
For you to keep
In my red velvet seat A box of chocolates
And a little champagne
And burning a hole in my pocket
Is this ring That I stay been had
A long time ago
I wanted to give you,
But I wasn't sure
If you was gon' stick around,
To let it grow
But you never left my side,
So now I know
(Hey) That you love me (Hey) That you care
(Hey) That you need me, right here
And that you want to be In my red velvet seat
You can sit next to me
Got a bouquet of lillies, and daisies, and roses
For you to keep
In my red velvet seat Girl close your eyes and open your ears
Let the sound of the sea feed you fish
This carriage is made for king and queen
You can have anything that you dream In my red velvet seat
Oh, oh, oh, oh
Oh, oh, oh, oh
You can have anything that you want if your with me
(Seat) Oh, oh, oh, oh
Oh, oh, oh, oh

In my red velvet seat
