

Dope Boy

Calboy

Ayy, ayy, ayy, no

JTK

Ayy, ayyNo, no, noUsed to wanna be a dope boy (Sheesh)

Roll around with the dope boys (Dope boys)

Trap house got plenty bricks to give away

Forgiatos on the tinted whip to get away

Used to wanna be a dope boy (Be a dope boy)

I ain't beefing with a broke boy (With a broke boy)

Got a glizzy, it'll get a nigga out the way

In the kitchen water whipping, made another plate

Used to wanna be a dope boy (Sheesh)

Roll around with the dope boys (Dope boys)

Trap house got plenty bricks to give away

Forgiatos on the tinted whip to get away

Used to wanna be a dope boy (Be a dope boy)

I ain't beefing with a broke boy (With a broke boy)

Got a glizzy, it'll get a nigga out the way

In the kitchen water whipping, made another plate

So stop wasting my time

I got some shit running through my mind

This glizzy got fifty, so bye-bye

And I made a play through the wifi

Bought a brand new estate to flip my pies

I was 10, I seen Judy with crack pipes

All my shooters, get groovy, they bagpipes

Pop a Perc when I moody, I'm back high

It's funny how I never knew you

Heard they signed me out, I bought a new tooth

I got money now, my foreigners zoom-zoom

I got killers put forks in your noodle

Ain't that perky controlling like voodoo

Eddie Murphy house, we had to boom-boom

I got problems, yeah, I got a loose screw

I flew private and my dope, it flew too

Used to wanna be a dope boy (Sheesh)

Roll around with the dope boys (Dope boys)

Trap house got plenty bricks to give away

Forgiatos on the tinted whip to get away

Used to wanna be a dope boy (Be a dope boy)

I ain't beefing with a broke boy (With a broke boy)

Got a glizzy to get a nigga out the way

In the kitchen water whipping, made another plate

Used to wanna be a dope boy (Sheesh)
Roll around with the dope boys (Dope boys)
Trap house got plenty bricks to give away
Forgi atos on the tinted whip to get away
Used to wanna be a dope boy (Be a dope boy)
I ain't beefing with a broke boy (With a broke boy)
Got a glizzy to get a nigga out the way
In the kitchen water whipping, made another plate
