

Holding It Back (feat. Kimbra)

Bilal

I be holdin' it back
 But it's feeling like a heart attack
 This is big as a heart can get
 Can you give it to me before I die, girl? I'm jonesin' for real
 You know my hands can't seem to sit still
 I take your cup and fill to the rim
 Up until dawn and I'm still drinkin' Can this be? I'm so high
 Carry me, till the light
 Spend some time, make me moan
 Take me down, sweet and low
 And we coming and we going
 And we don't know which way is up
 And we don't know which is down
 We just flowin' and we coolin'
 And we're lovin' stripped down
 Just lovin' stripped down
 And we never felt this way before Ooh, I found myself lookin' up at the night
 I swear these stars be lookin' like you
 I meant to say just tryin' to get over the night
 You said you couldn't stay and gave me the blues, baby
 We got nothin' to lose, I will always be here for you
 Girl if your ready, I'll be down more than you know
 If you saw me, God give me a clue, baby Can this be? I'm so high
 Carry me, till the light
 Spend some time, I'll let go
 Take me down, sweet and low
 And we coming and we going
 And we don't know which way is up
 And we don't know which way is down
 We just flowin' and we coolin'
 And we lovin' stripped down
 Just lovin' stripped down
 And we never felt this way before And we coming and we going
 Which way is up
 And we don't know which way is down
 We just flowin'
 And we lovin' stripped down
 Just lovin' stripped down
 Down
