

# In the Middle

## dodie

What are you doing Friday?  
Wanna help my worlds collide?  
Let's make a bow with old cut ties  
Do you want his number?  
Or shall I be the one to call?  
I haven't seen him much at all  
Could be weird but I think I'm into it  
You know I'm one for the overly passionate  
I like you, and I loved him  
We could have been the best type of friends  
You said you're into closure  
Shake hands like you're supposed to  
I'll be in the middle while you two get along  
You've got so much in common  
Talk about your taste in women  
I'll be in the middle while you two get along  
Hey!  
Does he smile like I do?  
Oh, it was shared despite our flaws  
I held his hand like I hold yours  
Thanks for understanding  
Oh, this could be a lot of fun  
Should break the awkward, come undone  
Could be weird but I think I'm into it  
You know I'm one for the overly passionate  
I like you, and I loved him  
We could have been the best kind of friends  
You said you're into closure  
Shake hands like you're supposed to  
I'll be in the middle while you two get along  
You've got so much in common  
Talk about your taste in women  
I'll be in the middle while you two get along  
Oohh  
Hey!  
Could be weird but I think I'm into it  
You know I'm one for the overly passionate  
Could be weird but I think I'm into it  
You know I'm one for the overly passionate  
I like you, and I loved him  
We could have been the best type of friends  
You said you're into closure  
Shake hands like you're supposed to  
I'll be in the middle while you two get along  
You've got so much in common  
Talk about your taste in women  
I'll be in the middle while you two get along  
I'll be in the middle

Hey!
