

# Mercy Mercy Me (The Ecology)

Marvin Gaye

Woah, ah mercy mercy me  
Ah things ain't what they used to be, no no  
Where did all the blue skies go?  
Poison is the wind that blows  
From the north and south and eastWoah mercy, mercy me, yeah yeah  
Ah things ain't what they used to be  
Oil wasted on the ocean and upon our seas  
Fish full of mercury  
Oh Jesus yeah mercy, mercy me ah  
Ah things ain't what they used to be, oh noRadiation under ground and in the sky  
Animals and birds who live nearby are dying  
Hey mercy, mercy me oh  
Ah things ain't what they used to be  
What about this overcrowded land  
How much more abuse from man can she stand?  
Oh, na na na  
Ohh baby hey ooh
