Riding the night, riding the night Ain't it cool? Rolling it high, rolling it high Ain't it cool? She's looking hot, she's looking hot In the breeze Flashing those eyes, strutting her stuff Givenchy (Baby wants to ride tonight) Well, you sure got the look That the good times come for free Baby, I'm not expensive But tonight you're taking me You sure got the look When you're riding next to me (Dynamite, dynamite) You sure got the look Got to keep you on my hook Pussycat eyes, I'm digging you Girl, you got the look Riding the night You know that she's dynamite, come on (Dynamite, dynamite)Don't stop caressing me 'Cos it's ecstasy And I wanna be Riding the night, riding the night Ain't it cool? Riding the night, riding the night She's no fool (Turn the lights off) Rolling it high, rolling it high That's her thing Riding the night, she's cold as ice Watch the stingWell, you sure got the look That the good times come for free Baby, I'm not expensive But tonight you're taking me You sure got the look When you're riding next to me (Dynamite, dynamite) You sure got the look Got to keep you on my hook Pussycat eyes, I'm digging you Girl, you got the look Riding the night
