

We Got Love (feat. Ella Henderson)

Sigala, Ella Henderson & HUGEL

Mm, you can run away from it all
But like a boomerang
It'll all come back You can hang on until you fall
But even when you land
You'll be on your back Like mannequins all draped in designers
Have we forgotten where we come from?
With bottled hopes and dreams and desires
Must've forgotten that
We got bills to pay
We got rules to break
We got risks to take
We got things to say
No one ever said
It would be okay
But we'll find a way
When there's love
And we got love Yeah, it's okay 'cause we got love
Yeah, it's okay 'cause we got love
Oh-oh, it's okay 'cause we got love When we think that we know it all
Like a fighter in a ring
We get knocked back
Mm, tread carefully where you walk
When the world is at your feet
Stay on track
Oh, like mannequins all draped in designers
Have we forgotten where we come from?
With bottled hopes and dreams and desires
Must've forgotten that We got bills to pay
We got rules to break
We got risks to take
We got things to say
No one ever said
It would be okay
But we'll find a way
When there's love
And we got love Oh-oh, yeah, it's okay 'cause we got love When all is said and done
Our old flame's been and gone
Take some time to look how far we've come
Remember, that we got love
Yeah, it's okay 'cause we got love (We got love, yeah)
It's okay 'cause we got love We got, we got love, yeah (Oh-oh, ooh)
Yeah, it's okay 'cause we got love

(Yeah, it's okay 'cause we got love)
Yeah, it's okay 'cause we got love
