

Dheere

Zack Knight & Kumar Sanu

Dheere dheere se meri zindagi me aana (yeah)
Dheere dheere se mere dil ko churaana (wo.)
Tum se pyaar humein hai kitna
(and theres no other way for me to show you)
Tumse milkar. tumse milkar milkar. (yeah)I've never been the type for fall in love
but every time I see you I'm alive
Theres something in between us tonight.And I know your probably sick and fed up
of everybody wasting your time
so girl let me be your way out tonightJab se tujhe dekha
I get weak between the knees
couldn't find the words to say
That I just wanna I just wanna love you now
Mere honthon pe
Baby can't you see, see it on my lips, got me crying out for your name
Cause just wanna love you nowBan gaya hun main tera deewana (oh baby)
Dheere dheere se dil ko churana (oh)
Tum se pyaar humein hai kitna
(and I dont know what it is about you girl)
Tum se milkar. Tum se milkar milkar (woah)Why you gotta fight what you feel
When theres clearly a need I can see
So forget what you heard and let go tonight (oh babe)It may not be right girl at first
But they don't need to know about us
Just go with your gut and just be who you wanna beJab se tujhe dekha
I get weak between the knees
couldn't find the words to say
That I just wanna, I just wanna love you now
Mere honthon pe
Baby can't you see, see it on my lips, got me crying out for your name
Cause I just wanna, I just wanna love you nowAaja aaja ab kaisa sharmana (woah)
Dheere dheere se dil ko churana
Tum se pyaar humein hai kitna
(and I dont know what it is about you)
Tumse milkar. tumse milkar milkar. (oh baby, woah)Tum se pyaar humein hai kitna
(dont know what it is about you girl)
Tumse milkar. tumse milkar milkar.
(theres something about you...)Tum se pyaar humein hai kitna (oh)
Tumse milkar. tumse milkar milkar.
(theres something about you.)Tum se pyaar humein hai kitna
(dont know what it is x2)
Tum se milkar, tum se milkar milkar
(theres something about you)

Theres something about you babe
