Blurry

Puddle of Mudd

Everything's so blurry And everyone's so fake And everybody's empty And everything is so messed up Preoccupied without you I cannot live at all My whole world surrounds you I stumble then I crawlYou could be my someone You could be my scene You know that I'll protect you From all of the obscene I wonder what you're doing Imagine where you are There's oceans in between us But that's not very far Can you take it all away? Can you take it all away? Well you shoved it in my face This pain you gave to me Can you take it all away? Can you take it all away?

Well you shoved it in my faceEveryone is changing

There's no one left that's real So make up your own ending

And let me know just how you feel

Cause I am lost without you

I cannot live at all

My whole world surrounds you

I stumble then I crawl

And you could be my someone

You could be my scene

You know that I will save you

From all of the unclean

I wonder what you're doing

I wonder where you are

There's oceans in between us

But that's not very farCan you take it all away?

Can you take it all away?

Well you shoved it in my face

This pain you gave to me

Can you take it all away?

Can you take it all away?

Well you shoved it in my face
This pain you gave to meNobody told me what you thought

Nobody told me what to say

Everyone showed you where to turn

Told you when to run away

Nobody told you where to hide

Nobody told you what to say

Everyone showed you where to turn

Showed you when to run awayCan you take it all away?

Can you take it all away?

Well you shoved it in my face

This pain you gave to me

Can you take it all away?

Can you take it all away?

Well you shoved it in my face

This pain you gave to meThis pain you gave to me

This pain you gave to me

You take it all

You take it all away...

This pain you gave to me

You take it all away

This pain you gave to me

Take it all away

This pain you gave to me
