

Glow in the Dark (feat. Kerli)

tyDi

The stars are flickering
The sky is closing in
But I won't let go
No, I won't let go I think I'm blacking out
My ears are ringing loud
But I won't let go
No, I won't let go I wanna' sleep
Stuck in this dream
Staring down til I see nothing
Feel the cold air on my skin
Everything glows
But I will glow in the dark
I don't need you to save me
We will glow in the dark
We can make it, baby I can glow in the dark
No matter what's around me
We will glow in the dark
We'll glow in the dark The night is falling hard
The shadows rip apart
But I won't let go
No, I won't let go Inaudible
And all the light has died
But I won't let go
No, I won't let go
I wanna' sleep
Stuck in this dream
Staring down til I see nothing
Feel the cold air on my skin
Everything glows But I will glow in the dark
I don't need you to save me
We will glow in the dark
We can make it, baby I can glow in the dark
No matter what's around me
We will glow in the dark
Glow in the dark
