

# Ghost in the Mirror

Mallory Knox

"Ghost In The Mirror" There's a ghost, in the mirror, I feel him creeping into your head, claims another victim.

Is it me that you hear and when the hatred rises up, do you wish, that I had been there?

And there's a ghost, in the mirror, I feel it creeping up beneath me, holding onto my tongue. It couldn't be, any clearer, that the devil ain't a beast, he's a bully, to his loved ones. Full throttle, full speed ahead and I'd move the earth, around to save you.

And my head, would have a heart attack, without you, without you.

Full throttle, full speed ahead and the world will turn around.

When it is, only you and I, just try, just try.

There's a ghost, in the mirror and when you're the loneliest at night, you can feel it coming closer.

Should have known, that the fear, is gonna bury you beneath all, the love that you had held there?

And there's no hope, in this mirror, I feel it fading like the past, every second, makes it clearer

That you and me, in the mirror, died many months ago, it's like we've never ever been, there. Full throttle, full speed ahead and I'd move the earth, around to save you.

And my head, would have a heart attack, without you, without you.

Full throttle, full speed ahead and the world will turn around.

When it is, only you and I, just try, just try. Hold your heavy head, hold your heavy head, upright, look into the sky and we'll drive, into the sunrise.

Hold your heavy head, hold your heavy head, upright, look into the sky and we'll ride, until the sunrise.

Hold your heavy head, hold your heavy head, upright, look into the sky and we'll ride, until the sunrise.

Hold your heavy head, hold your heavy head, hold your heavy head, hold your heavy head, upright. Hold your heavy head, hold your heavy head, hold your heavy head, hold your heavy head, upright.

Full throttle, full speed ahead and I'd move the earth, around to save you.

And my head, would have a heart attack, without you, without you.

Full throttle, full speed ahead and the world will turn around.

When it is, only you and I, just try, just try.
