

# Coming Home

## Avenged Sevenfold

I've been away  
Searching for a reason  
Another purpose to find  
I've sailed the seas  
Fought my many demons  
I've looked to gods in the skies I've stood in hell  
Where many had to suffer  
I stared the devil in the eyes  
Walked many roads  
To witness ancient idols  
And found the great gates of fire  
Had many storms  
Question my conviction  
Gave armies reason to rise  
The hangman's searching  
For bones he can borrow  
While I escaped in the night  
Fight or flight Live again  
All roads end  
I'll be coming home  
Tend your light  
'Cause on this night  
I'll be coming home  
Escaped the hail  
Of calculated mortars  
Then drank the blood of a king  
The desert rain  
Has washed away direction  
Had angels looking after me  
So it seems Live again  
All roads end  
I'll be coming home  
Tend your light  
'Cause on this night  
I'll be coming home My story ends  
Not far from where it started  
My weary limbs have grown old  
I've seen the world  
Through the eyes of a nomad  
Home is where the heart is I've been told  
So I go Live again  
All roads end

I'll be coming home  
Tend your light  
'Cause on this night  
I'll be coming home I'm coming home  
I'm coming home  
I'm coming home  
I'm coming home
