

Toot That Whoa Whoa (feat. Chris Brown & PC)

A1

Aye man turn me up
Last man standing gotta pour a double cup
You should hit dat dance while i'm rolling up the blunt
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
All my niggas thuggin
All my niggas thuggin
If it ain't the money
it ain't no discussion
runnin' with the roger
since a little boy
slick rick the ruler with
the jewelery boy
i don't know a nigga that
can take my place
i don't entertain what
these niggas say
pulled up in that all
white Minnesota toy
thats that new Ferrari
you can hear the roar
She got a man
but she leaving here with me
she said she just wanna be
my itty bitty freak
oh lord
Tell ya friend to come

lets have a 3...
Hmmm mmm
fucking up the seats
mmmm
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
Mc with the hammer boy
they can't touch this
I ain't one to fool with
you ain't get the message?
My niggas in the slammer
or they in a coffin
Right now sound ohb
we don't do no talking
Back it up on me girl
don't slow down
Bout to throw it all money,
party band bands
she hanging from the ceiling
i'm a ceiling fan
she bout to make a killin'
i'm giving giving trash bags
She got a man
but she leaving here with me
she said she just wanna be
my itty bitty freak
oh lord
Tell ya friend to come
lets have a 3...
Hmmm mmm
fucking up the seats
mmmm
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back

Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
I be like aye bae bae
Took that Whoa Whoa
Now wobble wobble to the floor whoa
Now bring it back bring it back
Now bring it back bring it back
